AMANDA GOINSKI

HEALTH TECHNOLOGY | DIGITAL PRODUCTS | LOW-CODE

Paraná, Brazil | Remote · up to 30h/week
agoinski@gmail.com | linkedin.com/in/theagoinski | github.com/theagoinski

PROFESSIONAL SUMMARY

Technology professional with experience at B3 in software architecture and low-code/no-code solutions. Medical student since 2024 and founder of MedLabs, a health-technology initiative in pre-incubation at Incuba Campo Real, currently developing its MVP. Focused on digital products, processes and healthcare technology.

PROFESSIONAL EXPERIENCE

B3 — Brasil, Bolsa, Balcão

Junior Analyst | Jul 2023 – Dec 2023 · remote

- Promoted after the Software Architecture internship; worked remotely as a junior analyst through December 2023.

Software Architecture Intern | Aug 2022 – Jun 2023

- Evaluated Microsoft Power Apps and low-code/no-code alternatives for business-unit processes that could potentially be handled outside centralized software development.
- Explored opportunities to simplify and decentralize technology solutions for non-technical teams.

ENTREPRENEURIAL PROJECT

MedLabs | **Founder** | Incuba Campo Real · pre-incubation

- Developing a healthcare-technology minimum viable product (MVP); project currently at a pre-operational stage.

EDUCATION

Medicine — Centro Universitário Campo Real | 2024–present · in progress

Systems Analysis and Development — Unicesumar | 2022–2024 · not completed

TECHNICAL SKILLS

Technology: Power Apps; low-code/no-code; Python, SQL, Git/GitHub. | Product/processes: process assessment; MVP in development. | Healthcare: ongoing medical training.

CERTIFICATIONS & BADGES — COMPLETE LIST

Ethical Hacker Associate — Instituto Brasileiro de Cybersegurança
Cybersecurity Fundamentals Badge — IBM

MICRO-COURSES & EXTENSION COURSES — COMPLETE LIST

Programming & development

- Introduction to Computer Science — HarvardX · jan.–jun. 2022
- Introduction to C++ Programming — NYUx · 2022
- CS50's Web Programming with Python and JavaScript — HarvardX · jan.–jun. 2022
- Introduction to Git and GitHub — Digital Innovation One (DIO) · 2022
- Introduction to HTML and CSS — Digital Innovation One (DIO) · 2022
- .NET and C# — Digital Innovation One (DIO) · fev.–mar. 2022

Databases & data analysis

- Modeling a Database in Practice with SQL Server — Digital Innovation One (DIO)
- SQL Server – Creating Your First Queries — Digital Innovation One (DIO)
- SQL Server: Best Practices in Relational Databases — Digital Innovation One (DIO)
